

JOSH MARTINEZ

The World Famous Sex Buffet
(Camobear)

Indie rap flavors to suit all tastes

Despite the playful title and a tracklist accompanied by pics of Josh sporting amusing mustaches, the Canadian People's Champ opens his sixth LP lamenting the trials of his vocation and hints at hanging up his mic with "All Rapped Out." Thankfully, he doesn't. On this deliciously varied spread, his rapid flows and singsong verses ride sparse keys and guitars, hearty bass and all manner of funky beats, tackling serious ("Responsibility") and comical topics ("Jokes Yo!") with equal aplomb. No reason to close the buffet; hip-hop can use a voice this fresh.—*Noah Levine*
